

ACEC/MO'S 2009 DIRECTORY OF MEMBER FIRMS

Updated 10-6-09

Access Engineering, LLC

11820 Tesson Ferry Road, Suite 203
St. Louis, MO 63128

(314) 849-8445

E-mail: mdennis@acceng.com

URL: www.acceng.com

Representative(s): Marie C. Dennis

Activities: Access Engineering, LLC provides high quality engineering services in Missouri and Illinois, specializing in the design of storm and sanitary sewers, trails, roads and traffic signals in addition to permit requirements for private developments. Types of clients include DOT's, municipalities, sewer districts and park districts.

Women Business Enterprise*

AECOM

3101 Broadway Street, Suite 825

Kansas City, MO 64111-2470

(816) 474-3777 FAX: (816) 474-3737

E-mail: mark.pearson@m-e.aecom.com

URL: www.m-e.aecom.com

Other Offices In: 16 States

Representative(s): Mark Pearson

Activities: Water supply, wastewater facility design and construction services. Water resource services including stormwater management plans, NPDES permits, wetland delineation and mitigation plans. Civil, structural, mechanical, electrical, environmental, and hazardous waste services. Design-build, construction engineering, and program management services. Environmental studies, environmental impact studies (EIS) and environmental assessments (EA) for public works projects. An AECOM company.

Affinis Corp.

300 SW Longview Boulevard, Suite 220

Lee's Summit, MO 64081

(816) 765-0864 FAX: (816) 765-7404

E-mail: info@affinis.us

URL: www.affinis.us

Other Offices In: 1 State

Representative(s): Richard A. Worrel, Tim McEldowney

Activities: Affinis Corp. is known for building long-lasting relationships by understanding the needs of co-workers, clients and colleagues and by fulfilling their expectations. Our professionals have years of experience with highway, municipal street, bridge, storm drainage,

and site design as well as transportation planning and traffic engineering. Types of clients include federal, state, and local governmental agencies, architects, and private sector developers.

Allgeier, Martin and Associates, Inc. (Civil Division)

2820 South Range Line Road
Joplin, MO 64803

(417) 624-5703 FAX: (417) 624-7558

E-mail: espears@amce.com

URL: www.amce.com

Other Office:

112 West 8th Street

Rolla, MO 65401

(573) 341-9487 FAX: (573) 341-9486

Representative(s): Eugene Spears, Dean Willis

Activities: Engineering studies, design, & construction phase services for governmental, commercial, industrial and private clients in the areas of water, wastewater, transportation, environmental issues, hydrology, hydraulic structures, stormwater management, structural design and analysis, land surveys, rate evaluations, site development, and GIS.

Allstate Consultants LLC

3312 LeMone Industrial Boulevard

Columbia, MO 65201-8246

(573) 875-8799 FAX: (573) 875-8850

E-mail: allstate@allstateconsultants.net

URL: www.allstateconsultants.net

Branch Office:

30601 Highway 5

P.O. Box 156

Marceline, MO 64658

(660) 376-2941 FAX: (660) 376-3492

E-mail: carysavre@allstateconsultants.net

Representative(s): Ron C. Shy, Dave Weber, Cary Sayre, Chad Sayre

Activities: Subdivision planning, streets, sanitary sewers, storm sewers, water systems, waste water treatment, water treatment, site plans, land surveying, GPS Surveying, traffic engineering, structural engineering, forensic engineering, and geotechnical engineering, including construction and materials testing. Clients include: developers, architects, municipalities, counties, federal government.

Certified Small Business

Alper Audi, Inc.

1804 Borman Circle Drive

St. Louis, MO 63146-4136

(314) 432-8600 FAX: (314) 432-8630

E-mail: marc.alper@alperaudi.com

URL: www.alperaudi.com

Representative(s): Marc H. Alper, Andre Audi

Activities: Structural engineering consultants to architects, contractors, developers, owners, industry and government. Well versed in BIM and Integrated Project Delivery, we design a wide variety of projects in reinforced concrete, structural steel, post-tensioned concrete, masonry and timber. Projects include commercial, industrial, and institutional, single story, mid-rise and high rise buildings, bridges, parking garages, tilt-up, design-build, seismic design and special structures.

AMEC Earth & Environmental

15933 Clayton Road, Suite 215

Ballwin, MO 63011

(636) 386-3800 FAX: (636) 386-3804

URL: www.amec.com

Representative(s): Jon Omvig, Dale

Vehlewald, Grant Day, Dave Hasty

Activities: AMEC is a multi-disciplinary consulting firm with offices worldwide. Offices in Missouri are located in St. Louis, Jefferson City and Kansas City. AMEC provides: land planning, surveying, geotechnical engineering, environmental consulting (including NEPA services), archeological investigations, materials testing, site selection assistance, forensic investigations, indoor air quality, environmental audits/compliance, general civil engineering, construction management and inspection, and hazardous waste management. Areas of expertise include: transportation planning and engineering, hydrogeology, water and wastewater, land development, rail and federal government projects.

Anderson Engineering, Inc.

2045 W. Woodland

Springfield, MO 65807

(417) 866-2741 FAX: (417) 866-2778

E-mail: sbrady@aeincmo.com

URL: www.aeincmo.com

Branch Office:
811 E. Third Street
Joplin, MO 64801
(417) 782-7399 FAX: (417) 782-7398
E-mail: jsnider@aeincmo.com

Branch Office:
102 Tracker Plaza
Crocker, MO 65452
(573) 736-2165 FAX: (573) 736-2182

Other Offices In: 1 State
Representative(s): Steven L. Brady, Neil S. Brady, John T. Snider

Activities: Anderson Engineering, Inc. provides its clientele assurances through civil, environmental, and geotechnical engineering; surveying; and independent construction observation and materials testing. Serving contractors, government, private, industrial, and other professional clients. Providing: civil engineering services including geotechnical, transportation related design, and civil site design.

Argus Consulting, Inc.

1300 NW Jefferson Court, Suite 100
Blue Springs, MO 64015
(816) 228-7500 FAX: (816) 228-7535
E-mail: gcrawford@argusconsulting.com

Other Offices In: 4 States
Representative(s): Gary R. Crawford, Kent F. Bredehoeft, Steven W. Waag

Activities: Argus is an engineering firm specialized in the programming, planning, design and construction follow-on of aircraft fuel storage facilities, aircraft hydrant fueling systems, 400 Hz ground power, preconditioned cabin air and aircraft deicing systems. Argus provides professional engineering services for airlines, airport authorities, oil companies, airport operating companies and all branches of the military.

Barnes, Henry, Meisenheimer and Gende, Inc.

630 Jeffco Boulevard
Arnold, MO 63010
(636) 296-8600 FAX: (636) 296-8611
E-mail: dpark@bhmq.com
URL: www.bhmq.com

Other Offices In: 1 State
Representative(s): Dean A. Park, David E. Stephens, Marty E. Thomas

Activities: Utility systems (gas, electric, water, sewer, bridges and highway) improvements, engineering studies and reports, expert testimony, power plant and electrical distribution system improvement. Preparing detailed plans, specifications and contract documents. Providing field inspection. Determining full scope of feasibility for project(s) and/or related alternatives. Prepare formal value appraisals for utility system purchase or sale.

Barr Engineering Company

3236 Emerald Lane
Jefferson City, MO 65109
(573) 638-5000 FAX: (573) 638-5001
E-mail: jdoyle@barr.com

URL: www.barr.com
Other Offices In: 4 States
Representative(s): John D. Doyle, Alan Fandrey

Activities: Barr Engineering Company's staff of more than 425 provides engineering, environmental and information technology services to clients in the manufacturing, forest products, mining, power, and refining industries, as well as attorneys and municipal, state, and federal agencies. Our areas of expertise include: air quality permitting, environmental management and compliance assistance, water-supply and wastewater-treatment design, water resources management, permitting and design for hazardous and solid waste facilities, contaminated-site assessment and remediation, engineering design, process and materials handling design, and information management services. Barr was incorporated as an employee-owned firm in 1966 and has offices in Jefferson City, Missouri; Minneapolis, Duluth, and Hibbing, Minnesota; and Ann Arbor, Michigan and Bismarck, North Dakota.

Bartlett & West, Inc.

1719 Southridge Drive, Suite 100
Jefferson City, MO 65109
(573) 634-3181 FAX: (573) 634-7904
E-mail: john.conway@bartwest.com
URL: www.bartwest.com

Other Office:
5506 Corporate Drive, Suite 1000
St. Joseph, MO 64507
(816) 364-3551 FAX: (816) 364-6548
E-mail: casey.patton@bartwest.com

Other Office:
250 N. Tudor Road
Lee's Summit, MO 64086
(816) 525-3562 FAX: (816) 525-9041
E-mail: bruce.hattig@bartwest.com

Other Offices In: 5 States
Representative(s): John T. Conway, Chris J. Criswell, Bruce Hattig, Casey Patton, Scott Uhl

Activities: Transportation, municipal, water and wastewater engineering services that include preliminary investigations with facility planning, engineering design, specification, observation of construction, rate studies, feasibility reports. Clients include federal, state, and municipal governments, developers, water districts and sewer districts, contractors and individuals.

The Benham Companies, LLC

622 Emerson Road, Suite 600
St. Louis, MO 63141-6728

(314) 821-7017 FAX: (314) 821-8499
E-mail: charlotte.breth@benham.com

URL: www.benham.com
Other Offices In: 10 States
Representative(s): Charlotte Breth, Jeff Juris

Activities: A/E design, construction management, and design/build for both public and private sectors. Typical Public Facilities (Federal, State, Local): offices, maintenance, educational, garages, recreation, and military support buildings. Typical Private Sector Facilities: offices, warehouses, retail stores, manufacturing plants. Typical Civil Works Facilities: roadway/highway, bridges, storm and sanitary sewers, parks, water supply, GIS mapping, transportation enhancements, community planning. Others: energy performance contracting, environmental, power generation and process. Types of clients include: Armed Forces, Universities, Industrial, Food & Beverage, Oil & Gas, Departments of Transportation, Aviation, Automotive, Dept. of Defense, Federal / States / Counties / Cities.

Benton & Associates, Inc.

713 North High Street
Kirksville, MO 63501
(660) 665-3575 FAX: (217) 245-4149
E-mail: adorrell@bentonassociates.com
URL: www.bentonassociates.com

Branch Office:
510 N. Missouri Street, Suite C
Macon, MO 63552
(660) 395-0300 FAX: (217) 245-4149
Other Offices In: 1 State
Representative(s): Adam J. Dorrell, Shannon J. Howe

Activities: City/Land Planning, Construction Services, Dams, Design/Build, Drainage/Erosion/Flood Control, Electrical Engineering, Environmental Studies, Foundation Structures, Harbors/Waterfront Structures, Industrial Engineering, Industrial Waste Treatment, Instrumentation/Process Control, Land Reclamation, Land Surveying, Materials Testing, Municipal Engineering, Parks/Recreational Facilities, Pipelines, Site Work/Buildings and Plants, Structural Engineering, Subdivision Planning, Transportation, Utilities, Wastewater Treatment, Water Treatment/Distribution/Storage.

Berutti & Associates, Inc.

507 Fee Fee Road
St. Louis, MO 63043
(314) 770-2705 FAX: (314) 716-5214
E-mail: gberutti@beruttiassociatesinc.com
Other Offices In: 1 State

Representative(s): Gary Berutti
Activities: Water distribution systems, storm and sanitary sewer systems, streets and highways, site engineering, zoning and planning. Clients include state and municipal agencies, sewer dis-

tracts, industry, institutions, architects, commercial and private developers.

BIS Frucon

Engineering, Inc.

15933 Clayton Road, Suite 305
Ballwin, MO 63011

(636) 391-4300 FAX: (636) 391-4421
URL: www.bisfei.com

Representative(s): Leon Schnur, Wayne Harshman

Activities: Typical design work is multi-discipline, including process, mechanical/piping, building services, electrical, structural and architectural. Designs are often initiated at the basic conceptual level and continue through construction document production. Projects may also occur on green field sites, or consist of modification of existing facilities. Most clients are manufacturing/industrial firms.

Black & Veatch

8400 Ward Parkway

P.O. Box 8405

Kansas City, MO 64114-0405

(913) 458-2000 FAX: (913) 458-9197

E-mail: info@bv.com

URL: www.bv.com

Branch Office:

15450 South Outer Forty Drive, Suite 200
Chesterfield, MO 63017

(636) 532-7940 FAX: (636) 532-1465

Other Offices In: 25 States

Representative(s): Steve Phillips, Tom Ratzki, Dan McCarthy, Kevin Harder, Steve Johnson

Activities: Specializes in infrastructure development in energy, water, telecommunications, federal, management consulting and environmental markets. Complete study and design services for water supply, treatment and distribution; wastewater collection, treatment, reuse, and disposal; solid waste management; tunnels; drainage and flood control; community and regional planning; transportation; resource recovery; marine and hydrology engineering; electric power generation, transmission, distribution and related electric system requirements; rate studies, financial planning and management studies; industrial plant and process design; facilities for national defense; and commercial and institutional building design.

Blakely & Associates

Consulting Engineers, Inc.

P.O. Box 786

Chillicothe, MO 64601

(660) 646-0277 FAX: (660) 646-0280

E-mail: rblakely@blakely-eng.com

Representative(s): W.R. Blakely

Activities: Electrical medium and low voltage distribution system design. Electrical

rate studies, energy audits, power quality studies, feasibility studies. Metering SCADA Energy Monitoring Systems. Clients include: industrial and electrical utilities.

Bucher, Willis & Ratliff

Corporation

903 E. 104th Street, Suite 900

Kansas City, MO 64131-3451

(816) 363-2696 FAX: (816) 363-0027

E-mail: bwrcorp@bwrcorp.com

URL: www.bwrcorp.com

Other Offices In: 4 States

Representative(s): Ronald A. Williamson, Steven K. Hileman, Donald L. Klappmeyer, Charles M. Schwinger, Warren Keith

Activities: Complete engineering, planning and architectural services. A multidisciplinary firm providing feasibility studies, planning, designs, and construction services. Specialize in bridges, structures, foundations, buildings (commercial, industrial and public) water treatment and distribution, domestic and industrial wastewater treatment and collection, environmental impact, urban and rural roadways, airports, land planning, stormwater management systems, recreational facilities, traffic engineering and transportation planning, utility systems, and land surveys.

Burns & McDonnell

9400 Ward Parkway

Kansas City, MO 64114-3319

(816) 333-9400 FAX: (816) 333-3690

E-mail: busdev@burnsmcd.com

URL: www.burnsmcd.com

Branch Office:

425 S. Woods Mill Road, Suite 300

Chesterfield, MO 63017

(314) 682-1500 FAX: (314) 682-1600

E-mail: busdev@burnsmcd.com

Other Offices In: 12 States

Representative(s): Greg M. Graves, Walter C. Womack, James L. Foil, Donald F. Greenwood, Ronald L. Schikevitz, David G. Yeamans, Stephen M. Linnemann, Michael S. Debacker

Activities: Comprehensive professional engineering and design-build services for private industry and government. Major service sectors include: aviation; civil works; community development; air quality; transportation; hazardous and solid waste management; water supply and water resources; stormwater management and flood control; wastewater; environmental studies; military and defense facilities, commercial, institutional, & industrial facilities; security systems; industrial energy; power generation, transmission, and distribution; chemical process; petrochemicals and food, management services, healthcare facilities.

George Butler

Associates, Inc.

Mainmark Building, Suite 600

1627 Main Street

Kansas City, MO 64108-1300

(816) 421-1300 FAX: (816) 842-1138

E-mail: gba@gbutler.com

URL: www.gbutler.com

Branch Office:

225 South Main Street, Suite 200

O'Fallon, MO 63366-2892

(636) 240-2444 FAX: (636) 978-2901

E-mail: ghurlbert@gbutler.com

Branch Office:

705 Olive Street, Suite 500

St. Louis, MO 63101-2207

(314) 231-0100 FAX: (314) 231-0198

E-mail: ghurlbert@gbutler.com

Other Offices In: 2 States

Representative(s): Michael L. Smith, Roy C. Wilson, Gerald R. Hurlbert, Timothy J. Ross

Activities: Full service engineering and architectural disciplines in civil, structural, mechanical, electrical, fire protection, sanitary, transportation and traffic engineering, architecture, roof consultants, land surveying, construction management/observation, and environmental. Infrastructure markets served include transportation, water environment, and private land development. Building markets served include life sciences, critical facilities, transit and fleet, corporate office, mixed use developments, municipal facilities and various other building types. Clients include federal, state, municipal, county as well as the private sector.

Bob D. Campbell & Co., Inc., Structural Engineers

4338 Bellevue

Kansas City, MO 64111-3515

(816) 531-4144 FAX: (816) 531-8572

E-mail: info@bdc-engrs.com

URL: www.bdc-engrs.com

Representative(s): Michael J. Falbe, Steven R. Carroll, Lee S. Johnson

Activities: Complete structural engineering services for design of all types of structural systems and buildings, including office, parking garages, retail, school, hospital, industrial and municipal buildings. In addition to new construction and existing facility renovation, Bob D. Campbell & Company provides full support services for owners and the construction industry through existing building evaluation, peer review, rebar detailing, precast detailing, special inspection and other construction engineering.

Casco Diversified Corporation

10877 Watson Road

St. Louis, MO 63127

(314) 821-1100 FAX: (314) 821-4162
E-mail: casco-mo@casco-corp.com

URL: www.cascocorp.com

Other Offices In: 4 States

Representative(s): Paul R. Doering,
James C. Alberts, James G. Govaia,
Paul J. Huber, James C. Tegethoff

Activities: Primary services are offered to the retail, hospitality/hotel, movie theater and industrial clients. Services include feasibility site investigation, architectural/engineering design for "ground-up" and remodel/renovation of existing facilities with some construction phase services. Clients include large "box" retailers, in-line mall retailers, multi-plex cinemas, extended stay and suite hotels, multifamily residential, industrial plant work and commercial offices.

CDG Engineers

One Campbell Plaza

59th & Arsenal Streets

St. Louis, MO 63139-1781

(314) 781-7770 FAX: (314) 781-9075

E-mail: lodewyck@cdgengineers.com

URL: www.cdgengineers.com

Other Offices In: 1 State

Representatives: Rick Lodewyck, Jim Newcomer, Jay Ellington, Glenn Smith

Activities: St. Louis-based organization working for utility, mining, industrial, public works and infrastructure clients. Firm expertise includes bulk materials handling, transfer, loading and unloading (truck, rail and marine), dust mitigation and control, special structures, railroad facilities, shipping terminals, mine site work and facilities, permitting, post-mine topography restoration, industrial facilities and equipment, automation, adaptive re-use studies, buildings (new construction, renovations and interior space conversions), roads, bridges, culverts, retaining walls, storm water drainage and control systems, stream bank and channel restoration, sanitary sewers, municipal buildings, parking facilities, recreational parks, pedestrian and bikeway trails, streetscape enhancements, utility system relocations and installations, as well as on-call, indefinite delivery type services. Specialized computer services include 3-D modeling and animation creation.

CDM

9200 Ward Parkway, Suite 500

Kansas City, MO 64114

(816) 444-8270 FAX: (816) 444-8232

E-mail: o'neillpa@cdm.com

URL: www.cdm.com

Branch Office:

100 North Tucker Boulevard, Suite 550

St. Louis, MO 63101

(314) 241-8510 FAX: (314) 241-8520

Other Offices In: 4 States

Representative(s): Pat O'Neill

Activities: Water, wastewater, stormwater planning, drinking water, water re-

sources, solid waste, hazardous waste, design / build / operate, construction, consulting. Types of clients: municipalities, federal government, private sector.

CH2M Hill, Inc.

727 North First Street, Suite 400

St. Louis, MO 63102

(314) 421-0900 FAX: (314) 421-3927

E-mail: cbrand@ch2m.com

Branch Office:

Two Pershing Place

2300 Main, Suite 180

Kansas City, MO 64108

(816) 421-5550 FAX: (816) 421-5560

E-mail: dhuck@ch2m.com

Other Offices In: 43 States

Representative(s): Carey Brand, Buddy Desai, Bently Green, Deron Huck

Activities: Comprehensive range of planning, study, design and construction services in engineering - civil, sanitary, mechanical, electrical, and chemical; environmental sciences; planning; and economics. Technological systems expertise includes water; waste management; agriculture; energy, industrial process and manufacturing; transportation and civil systems. Local specialization in hazardous waste management and remediation; transportation planning and design; water, wastewater and stormwater and water resources planning/design.

Civil Design, Inc.

1552 S. 7th Street

St. Louis, MO 63104

(314) 863-5570 FAX: (314) 863-5578

E-mail: vlarose@civildesigninc.com

URL: www.civildesigninc.com

Representative(s): Vicki LaRose, Dennis LaRose

Activities: CDI provides comprehensive civil engineering services for hydraulics, roadways, and site development projects. Our capabilities range from pre-project planning, site analysis and location studies, hydraulic analysis, storm water drainage studies and design, detention/retention design, environmental documentation, urban and rural road design, utility extensions / relocations, construction permit coordination acquisition, rezoning and use permit presentations, and construction documents. Types of clients include architects, DOT's, MSD, etc.

Disadvantaged Business Enterprise

Women Business Enterprise

Certified Small Business

Cole & Associates, Inc.

10777 Sunset Office Drive, Suite 10

URL: www.cfse.com

Other Offices In: 1 State

Representative(s): John G. Bayless,
Lance Scott, Charlie LePage, Sabin Yanez

Activities: Cook, Flatt & Strobel Engineers, P.A. provide a wide range of engineering services including civil/site, traffic, transportation, structural, utility engineering, and land planning. Working on assignments throughout Kansas, Missouri, Arkansas and Oklahoma, our clients include state agencies, county and city governments, business and industry.

Cowell Engineering, LLC

3008 Sutton Boulevard

St. Louis, MO 63143

(314) 644-4002 FAX: (314) 644-1988

E-mail: mail@cowelleng.com

URL: www.cowelleng.com

Representative(s): Jean L. Cowell, David L. Cowell

Activities: Cowell Engineering is frequently a member of a multi-disciplined design team. Cowell Engineering provides structural design and evaluation services. Projects include schools, churches, office/warehouses, commercial and retail buildings. Types of clients include architects, contractors, developers and municipal organizations.

Crawford, Bunte,

Brammeier

1830 Craig Park Court, Suite 209

P.O. Box 28727

St. Louis, MO 63146-1227

(314) 878-6644 FAX: (314) 878-5876

E-mail: cbb@cbtraffic.com

URL: www.cbtraffic.com

Other Offices In: 1 State

Representative(s): David B. Brammeier,
Douglas S. Shatto, Rich Schmidt, Carl Pahlmann

Activities: Engaged in traffic and transportation engineering for states, counties, cities and private developers. Prepare con-

struction drawings for highway geometric design changes, traffic signal installations, and traffic signal coordination plans. Prepare traffic studies, traffic impact studies; geometric studies; signal & interchange feasibility studies. Performs transportation planning including development of forecasts, travel demand and roadway modeling or simulation, and location studies.

Crawford, Murphy & Tilly, Inc.

Gateway Tower

1 Memorial Drive, Suite 500
St. Louis, MO 63102

(314) 436-5500 FAX: (314) 436-0723

E-mail: ttappendorf@cmtengr.com

URL: www.cmtengr.com

Other Offices In: 3 States

Representative(s): Tim Tappendorf, Dan Meckes, Greg Law, Dennis Denby

Activities: Crawford, Murphy & Tilly, Inc., consulting engineers is a professional corporation offering engineering services with specialization in aviation, highways & bridges, water & wastewater, land development, and construction management. Projects are primarily civil engineering in nature, but also include assignments in the mechanical, electrical and architectural disciplines.

Delich, Roth & Goodwillie, P.A.

1001 E. 101st Terrace, Suite 210
Kansas City, MO 64131

(816) 221-4222 FAX: (816) 471-4813

E-mail: info@drqengineers.com

URL: www.drqengineers.com

Other Offices In: 1 State

Representative(s): Joseph C. Roth, Carl B. Reed

Activities: Our transportation practice includes the design of highways, roadways, bridges, and railroads from conceptual through construction. Our environmental practice includes water and wastewater treatment and conveyance. Our civil practice includes stormwater conveyance, flood protection, site development, hydraulics and hydrology. Our mechanical/electrical practice includes HVAC, power and control. Clients include: governmental, industrial, institutional and private.

Eason, Thompson & Associates, Inc.

6611 Clayton Road
St. Louis, MO 63117-1642

(314) 721-2666

Representative(s): G. Stuart Thompson

Activities: Principally engaged in structural design for multi-story buildings in reinforced concrete, structural steel, rein-

forced masonry, precast and prestressed concrete. Also preliminary building designs, estimates, and quantity surveys, construction supervision, investigations and reports, and expert witness and testimony.

EDM Incorporated

220 Mansion House Center
St. Louis, MO 63102-1902

(314) 231-5485 FAX: (314) 231-8167

E-mail: edm@edm-inc.com

URL: www.edm-inc.com

Other Offices In: 1 State

Representative(s): John R. Sonderman, Robert Warren, Gholam Masoumy, Steve Skasick

Activities: Civil, structural, architectural, electrical, HVAC, plumbing and fire protection services are provided to a diverse group of governmental, commercial, institutional and industrial clients. Projects include major and special structures, roads, bridges, site engineering, power and lighting in buildings, high voltage electrical service, space conditioning, energy conservation, fire suppression systems, feasibility studies, riverfront development, and expert testimony. Services include project management, engineering and architectural consultation, and design build engineering support.

EFK Moen, LLC

Activities: Founded in 1917, HDR is an architectural, engineering and consulting

firm that excels at complex projects and solving challenges for our clients. With locations across the nation and abroad, we deliver more than 50 different design and scientific disciplines. The strength of this professional network allows us to deliver big-company resources with small company service. Our operating philosophy is to be an expertise-driven national firm that delivers tailored solutions through a strong local presence. Our ability to draw upon company-wide resources and expertise is a great strength in meeting and exceeding our clients' expectations. In 2008, HDR acquired Archer Engineers, a well respected full service Environmental/Civil Engineering consulting firm. Archer traditionally has provided outstanding service to a wide range of governmental, industrial and private development clients. HDR|Archer provides full services in water and wastewater systems, transportation systems, environmental and resource management, land planning, surveying, construction administration, and design/build services.

Cash-Flow Solutions

150 Long Road, Suite 100
Chesterfield, MO 63005
(636) 536-2611 FAX: (636) 536-2404
E-mail: jackcashmgmt@sprint.blackberry.net
URL: www.ccsconsultinggroup.com
Representative: Jack T. Eagles
Specialties: CFS specializes in helping engineering firms more proactively manage their receivables on an on-site or off-site basis. We contact the client regarding the amounts due and work as a mediator between the client and the project manager to reach an amicable resolution. With 23 years experience we can reduce your historical level of investment in receivables on a one time "windfall" basis. We accomplish your desired goals cost effectively and with no alienation of those being contacted. Call us to discuss your firm and how our services might be a timely option.
