A Look at Transportation Funding in Missouri
Missouri has $8 billion in unfunded transportation needs.
But we’re making progress

- $503 Million Toward Unfunded Needs
  - $351 Million State General Revenue/Bonding
  - $81 Million Federal INFRA Grant
  - $50 Million State General Revenue Cost Share
  - $21 Million Federal Bridge Grant
High Priority Unfunded Needs

Unfunded Transportation Needs

High-Priority Unfunded Annual Transportation Needs
$825 million

$95 million Improve Bridge Conditions

$50 million Improve Road Conditions

$25 million MoDOT, Maint. & Operations

$275 million Invest in projects that increase economic growth and improve safety

$300 million Major Interstate Reconstruction

$80 million Improve Multimodal Transportation Options

$608 Million Tier 1 Projects Identified
$2.2 Billion Tier 2 Projects Identified
Legislature appropriated $50 million from general revenue to jump-start Gov. Mike Parson’s “Focus on Bridges” program.

Will repair or replace 45 bridges during FY 2020.
In July, we received a federal grant to build a new Missouri River Bridge at Rocheport.

A $81.2 million federal infrastructure grant is allocated towards a $255 million project. This includes a new I-70 Missouri River Bridge and climbing lanes at Mineola Hill.
The INFRA grant triggered $301 million in bonding to be paid back from State General Revenue.

Will repair or replace 215 bridges across the state that were already high priority projects.
Frees $351 million in the current Statewide Transportation Improvement Program for new projects to be determined at the local level.

ONE $81.2 MILLION GRANT LEADS TO MORE THAN $600 MILLION IN IMPROVEMENTS TO THE STATE NETWORK OF ROADS AND BRIDGES.
Missouri legislators appropriated $50 million in general revenue to fund the Governor’s Transportation Cost-Share Program
