

ACEC Missouri Annual Engineering Excellence Awards Project Competition

OFFICIAL ENTRY FORM

NOTE: With the exception of Category A and some Category D projects, costs reflected below are always construction costs and are **NOT engineering fees**. If your firm was responsible for the entire engineering-design of the project, then the *Entrant's Portion of the Total Construction Budget* amount and the *Entrant's Portion of the Total Construction Actual Cost* amount will be the same as the *Total Construction Budget* amount and *Total Construction Actual Cost* amount.

If your firm was not responsible for the entire engineering-design of the project, then the *Entrant's Portion of the Total Construction Budget* amount and the *Entrant's Portion of the Total Construction Actual Cost* amount should be part of the total project construction cost your firm was responsible for (i.e., a mechanical engineering firm was responsible for \$12M of a total construction budget of \$40M. \$12M is the *Entrant's Portion of the Total Construction Budget*. \$40M is the *Total Construction Budget*.)

Furnish all information requested below for each entry (signatures by the submitting firm(s) and the client(s)/owner(s) are required). Firm, project, and client / owner's name should be typed or printed as they are to appear on the award. Please limit the project name to 45 characters. A fee of \$350 per entry for ACEC/MO members (\$1,500 for non-ACEC/MO members).
